

D104

Dynamic Drum and Instrument Microphone

Applications:

- Snare drum
- Floor toms
- Rack toms
- Hand percussion instruments
- Guitar/bass cabinets
- Classical strings
- Acoustic guitar
- Folk instruments
- Electrical and acoustic instruments

Description

The D104 is a rugged, high-performance dynamic microphone specifically designed for tom-tom drums and other mid-to-low frequency instruments. Featuring an integrated, permanently attached microphone clip, it offers quick and secure mounting, making it ideal for both stage and studio environments where setup efficiency and reliability are essential.

Engineered to handle extreme sound pressure levels—up to 150 dB SPL—the D104 delivers clean, distortion-free audio even under the most demanding performance conditions. Its flat mid-to-low frequency response ensures natural tonal reproduction, while its wide frequency range captures the full character of the instrument with clarity and depth.

With a high dynamic range and low distortion, the D104 excels in capturing the punch and body of toms, snare drums, and brass instruments. Its robust construction ensures long-term durability, even in high-impact touring or rehearsal settings.

Two-Year Limited Warranty

CAD Audio hereby warrants that this product will be free of defects in material and workmanship for a period of two years from the date of purchase. In the unlikely event that a defect occurs, CAD will, at its option, either repair or replace with a new unit of equal or greater value. In the event that a suitable replacement is unavailable, CAD Audio may elect to reimburse owner for the cost of local repairs or issue a refund in the amount of the original purchase price. Items must be purchased from an authorized CAD Audio dealer, and the warranty is not transferable from the original owner. Please retain proof of purchase to validate the purchase date and include it with any warranty claim.

This warranty excludes exterior finish or appearance, damage from abuse, misuse of the product, use contrary to CAD's instructions or unauthorized repair. All implied warranties, merchantability, or fitness for a particular purpose is hereby disclaimed and CAD hereby disclaims liability for incidental, special or consequential damages resulting from the use or unavailability of this product.

This warranty gives you specific legal rights and you may have other rights that vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above exclusions and limitations may not apply to you.

Note: No other warranty, written or oral is authorized by CAD Audio.

To initiate a warranty claim, please contact American Music and Sound at 1-800-431-2609 to obtain a return authorization number and shipping instructions.

- A return authorization is required for all returns. RETURNS WITHOUT A PRE-APPROVED RETURN AUTHORIZATION NUMBER WILL BE REFUSED.
- Please use at least 3 inches of padding surrounding the product for protection during shipment
- Retain your tracking number until your warranty claim has been resolved
- We recommend using an insured shipping method in case of loss or damage during shipment

If outside the United States, contact your local dealer or distributor for warranty details.
