

D87

Dynamic Instrument Microphone

Applications:

Snare drum
Floor toms
Rack toms
Guitar/bass cabinets
Overheads
Classical strings
Acoustic guitar
Folk instruments
Electrical and
acoustic instruments

Description

The D87 is a dynamic supercardioid microphone meticulously engineered for capturing musical instruments in both live sound and studio recording environments. With its wide, flat frequency response and high SPL handling, it delivers crisp, clean audio — even in the most demanding acoustic settings. Built-in humbucking circuitry effectively eliminates interference from nearby electronic devices, ensuring a pure signal path, while the integrated internal shock mount minimizes unwanted vibrations and stage noise for a more focused performance.

Crafted with all-metal construction and a reinforced grille, the D87 is built to withstand the rigors of touring and heavy use. Each unit comes complete with a standard mic clip, a drum rim clip, a shock mount stand adapter, and a protective carrying pouch — making it a versatile and reliable choice for professionals who demand clarity, durability, and precision.

Two-Year Limited Warranty

CAD Audio hereby warrants that this product will be free of defects in material and workmanship for a period of two years from the date of purchase. In the unlikely event that a defect occurs, CAD will, at its option, either repair or replace with a new unit of equal or greater value. In the event that a suitable replacement is unavailable, CAD Audio may elect to reimburse owner for the cost of local repairs or issue a refund in the amount of the original purchase price. Items must be purchased from an authorized CAD Audio dealer, and the warranty is not transferable from the original owner. Please retain proof of purchase to validate the purchase date and include it with any warranty claim.

This warranty excludes exterior finish or appearance, damage from abuse, misuse of the product, use contrary to CAD's instructions or unauthorized repair. All implied warranties, merchantability, or fitness for a particular purpose is hereby disclaimed and CAD hereby disclaims liability for incidental, special or consequential damages resulting from the use or unavailability of this product.

This warranty gives you specific legal rights and you may have other rights that vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above exclusions and limitations may not apply to you.

Note: No other warranty, written or oral is authorized by CAD Audio.

To initiate a warranty claim, please contact American Music and Sound at 1-800-431-2609 to obtain a return authorization number and shipping instructions.

- A return authorization is required for all returns. RETURNS WITHOUT A PRE-APPROVED RETURN AUTHORIZATION NUMBER WILL BE REFUSED.
- Please use at least 3 inches of padding surrounding the product for protection during shipment
- Retain your tracking number until your warranty claim has been resolved
- We recommend using an insured shipping method in case of loss or damage during shipment

If outside the United States, contact your local dealer or distributor for warranty details.
