

GXL2000

Studio Condenser Microphone

Recommended Applications:

Studio vocals
Acoustic instruments
Drum overheads
Live performance miking
Podcasting and voiceover

GXL2000 key features:

- Supercardioid polar pattern for focused pickup and excellent isolation
- High SPL handling and wide dynamic range for versatile applications
- Low self-noise for clean, detailed recordings
- Durable construction for professional studio and live use
- 2 Year Warranty

Description

Precision-crafted for studio and live performance excellence, The GXL2000 is a side-address condenser microphone engineered for critical recording applications in home, project, and professional studios, as well as for live sound environments. Its supercardioid polar pattern offers superior isolation of the desired sound source by minimizing pickup from the sides and rear, making it ideal for vocals, acoustic instruments, and overheads.

Designed to deliver exceptional detail and clarity, the GXL2000 features a low self-noise floor and a smooth, natural frequency response, capturing every nuance with precision. Its high SPL handling and wide dynamic range provide outstanding versatility, allowing it to perform equally well on delicate sources and high-output instruments without distortion.

Built with a rugged, durable housing, the GXL2000 ensures long-term reliability in demanding studio and stage conditions. Consistent performance across units makes it a trusted choice for engineers and producers seeking dependable, high-quality sound capture.

Frequency Response

Two-Year Limited Warranty

CAD Audio hereby warrants that this product will be free of defects in material and workmanship for a period of two years from the date of purchase. In the unlikely event that a defect occurs, CAD will, at its option, either repair or replace with a new unit of equal or greater value. In the event that a suitable replacement is unavailable, CAD Audio may elect to reimburse owner for the cost of local repairs or issue a refund in the amount of the original purchase price. Items must be purchased from an authorized CAD Audio dealer, and the warranty is not transferable from the original owner. Please retain proof of purchase to validate the purchase date and include it with any warranty claim.

This warranty excludes exterior finish or appearance, damage from abuse, misuse of the product, use contrary to CAD's instructions or unauthorized repair. All implied warranties, merchantability, or fitness for a particular purpose is hereby disclaimed and CAD hereby disclaims liability for incidental, special or consequential damages resulting from the use or unavailability of this product.

This warranty gives you specific legal rights and you may have other rights that vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above exclusions and limitations may not apply to you.

Note: No other warranty, written or oral is authorized by CAD Audio.

To initiate a warranty claim, please contact American Music and Sound at 1-800-431-2609 to obtain a return authorization number and shipping instructions.

- A return authorization is required for all returns. RETURNS WITHOUT A PRE-APPROVED RETURN AUTHORIZATION NUMBER WILL BE REFUSED.
- Please use at least 3 inches of padding surrounding the product for protection during shipment
- Retain your tracking number until your warranty claim has been resolved
- We recommend using an insured shipping method in case of loss or damage during shipment

If outside the United States, contact your local dealer or distributor for warranty details.
