

CAD Audio GXL2600USB Studio Condenser

The GXL2600USB is an easy to use USB Studio Condenser.

The GXL2600USB Large Diaphragm Studio Condenser Microphone features the Aoedein™ 1" large diaphragm capsule that delivers full range studio fidelity and outstanding transient response.

The Aoedein™ capsule is then paired with CAD's PureTone™ a/d converter further ensuring an accurate and efficient signal path.

The GXL2600USB is supplied with a Studio Quality Shock Mount, USB cable and Desk Stand.
